

University Food Service Committee Convener Application

The University Food Service Committee is responsible for monitoring the quality of the food service across campus. Each member of the committee represents a different and specific group of students, faculty, and staff and will bring the opinions of that group, as well as personal opinions, to the discussions. Meetings are held once a month at various food service locations and a meal is provided. All members are required to attend every meeting or send an alternate representative from that group. This evaluation team requires a dependable meeting convener to lead the group. This is a great opportunity to have a voice in establishing the best food service possible! If you are interested in serving as the UA Food Service Committee Convener, please apply below.

Responsibilities:

- Recruit students to serve on the committee
- Involvement in organizing meetings
- Spokesperson for the University Food Service Committee

Name _____
